GYMABILITY

GymAbility 45min

The GymAbility program provides participants with experiences that will enhance all abilities and, in particular, target the development of physical, social and cognitive abilities. GymAbility GymMix provides an exciting entry point for participants beginning a gymnastics-based movement program and/or for participants who may have a disability that impacts on their physical, cognitive and/or social ability.

GymAbility is a weekly class with peers to work on developing friendships, following instruction and developing dominant movement patterns. This class is for participants who have social goals but also require a high participant:instructor ratio.

Our goal is to create an inclusive, safe, and encouraging environment for all learners to feel personally successful. We emphasize our participants' "proud moments" and believe firmly in the power of learning through movement.

TUITION FEE:

\$35.00 per student per class

This class is currently available at Kingborough Gymsports on Fridays at 4:15pm.
